WE MAKE IT EASY

Another attractive feature for the convenience of our thousands of patrons has been added in this catalogue—**NET PRICES** No more request for discount will be necessary. The prices quoted in this catalog will stand as the **Net Selling Prices** until another catalog is issued.

We are *ready to show any Lodge*, that the great values which have made us the leaders for many years in the manufacture of Odd Fellow Regalia, Costumes, etc., are increased in this the most complete catalog ever published. Never has a catalogue been published that described so completely each article. You will find it a "Square Deal" proposition when you wish Odd Fellow Lodge goods. Nothing is left untold that you care to know, and when the goods are delivered, return them if not satisfactory and as represented. We are the largest manufacturers of Odd Fellow goods in the world because our goods please. We want your orders to come our way. That is why we go after them. This book is one of our twenty thousand salesmen. It calls for your order.

We make our goods as we describe them. We guarantee them to be as represented. We are reliable, we are responsible. It is as important to us that we please your Lodge as it is to the Lodge that is pleased. Our success for the past 40 years has been just what could be expected as the result of a policy of fair dealing. The right qualities, styles and prices, which any lodge can inspect before buying, is our policy that has won and will continue to win.

Fraternally,
THE HENDERSON-AMES CO.,
Kalamazoo, Mich.

The Officers' Jewels are never included in the prices quoted for the Officers' Regalia.

The sashes listed herewith are appropriate with the collars, which can be made for Officers or Past Grand, but any sash can be purchased with any collar in making up a set of regalia for Lodge Officers.

Well matched sets of regalia are always more satisfactory to a Lodge than those which are picked at random. The regalia which has the name and number of the Lodge on both collars and sashes always gives perfect satisfaction, and that which has the emblems placed upon the sashes is universally satisfactory. This is one reason why we list so many styles showing the name and number of the Lodge with emblems. In selecting this, no Lodge can make a mistake.

The higher the grade of regalia the greater value the Lodge purchasing it secures. In all of the Lodge purchases the regalia should be the highest grade possible that the Lodge can secure, as the better materials used, the more valuable will the regalia be to the Lodge. All of our styles of collars are suitable for Past Grand, and in ordering always state whether for Past Grand or for Officers. The linings of all collars as well as interlinings are exactly as stated and far better than is generally given on regalia. All single collars are sold at the same rate as quoted.

The styles of regalia herewith shown are both popular and of new design. The star regalia with stars on sashes and collars have probably been selected by more Lodges than any other style of regalia made. They are moderate in price and present a fine appearance for a long time. Sash 21 and Collar 53 make a very nicely matched set of regalia, while the other collars shown are equally appropriate with the star trimmed sash. It would be our pleasure to forward samples for inspection whenever so requested. Past Grand collars are sold in any quantity at the same rate as listed in sets.

LODGE BLANK BOOKS

Blank books usually furnished by some regalia houses are not in the same class with our lodge books. The books which we supply are made from high grades of blank book paper, ruled especially for the books, and printed with great care, and bound in the best possible manner. This is the reason why the Henderson-Ames Co. lodge books have always been so popular. The great values in our blank books keep us in the minds of lodge secretaries.

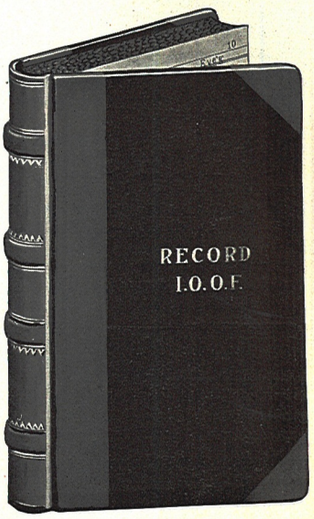

Your order will always receive prompt attention, and if the qualities of the books do not please you when received, return them at our expense.

PUT UP IN A CARTON

We put up all orders of letter heads in paper cartons, which are just the size of the sheets and make a convenient box in which to keep the supply in the lodge room or your home.

THE PAPER

The paper of which the letter and note heads are made is of a superior quality, made especially for us in large quantities, and we are enabled thereby to secure it at a price much less than even an inferior grade could be obtained through the regular channels of trade. The envelopes are also of a good quality.

WHAT WE DESIRE TO KNOW

With every order for stationery we desire to know the name, number, and location of the lodge, the secretary's name, and the meeting night of the lodge. Write or print all names very plainly. We print them just as they are wanted. We supply more lodges with stationery than all other regalia houses combined, because we have the best designs and furnish the best article at the lowest prices.

OUR STYLES ARE ORIGINAL AND EXCLUSIVE WITH US. DON'T YOU LIKE THEM?

SCENIC DEPARTMENT

Large and Completely Equipped Scene Loft.—Artistic Productions for Lodge use

There is nothing that adds so much to the impressiveness of the Odd Fellows degrees as appropriate scenery, and members of the Order are beginning to see and appreciate this. In building new halls a stage should always be included. They are useful not only for scenery for illustrating the degrees, but for lectures, musicales, etc.

We have one of the best equipped scenic studios in this country and can supply scenery and stage fixtures of all kinds.

In addition to the Iniatory Degree scene as illustrated, we would suggest for the First Degree a scene showing "Saul's Throne Room", a scene showing the "House of Jesse", with practical house, and the scene of the "Covenant".

For the Second Degree a scene showing "Pines on the Mountain Side and the River Jordan" and a practical scene of a "Narrow Defile" with set rocks, trees, etc. These scenes with appropriate wings and borders and drop curtain would make a handsome and appropriate set of scenery for the work.

NEW LODGE OUTFITS

There are some things which are absolutely necessary to have before an I. O. O. F. Lodge can be instituted and many others are generally included in a new Lodge Outfit. The tabulation given below shows the articles most generally purchased and a range of prices to suit the smallest lodge or the largest and most wealthy. It is an easy matter to omit any article not desired, as all prices are net and the price can be deducted, or a better or a cheaper article can be substituted; but go where you will, the treasury of your Lodge need never be depleted one cent unless the purchases made from us are entirely satisfactory.

DEGREE STAFF OUTFITS

The requirements for costuming a complete Degree Staff, are so simple to those familiar with the work that a secretary or committee need have the least difficulty in selecting an outfit from the foregoing pages. The range in price and corresponding range in quality can easily be changed if not tabulated, in accordance with the wish of those desiring to purchase, by substituting costumes of greater or less value for any character.

Any selection will be shipped on approval. Some lodges desire an abridged outfit, one in which certain costumes are used for different characters. We list herewith such an outfit.
